THE CENTER FOR RURAL DEVELOPMENT

2292 SOUTH HIGHWAY 27, SUITE 300

SOMERSET, KY 42501

April 21, 22, 23, 24, 25, 2003

Monday, April 21, 2003

Overview of the Kentucky OSH Program1:00 PM -4:00 PM (Course #127)

This session discusses the obligation to provide a safe and healthy workplace, free from recognized hazards. Topics of discussion include the operations of the Kentucky Occupational Safety and Health Program, including enforcement and voluntary compliance services, safety and health topics currently being considered for future standards and policies.

Tuesday, April 22, 2003

Injury and Illness Recordkeeping Requirements.....8:30 AM-11:30 AM (Course #401)

This session is for those persons responsible for maintaining the revised injury and illness records. The new forms 300, 301, 300A will be covered. The new regulations and guidelines for recordkeeping will be discussed, as well as the compliance directive the Kentucky OSH compliance officer will use to evaluate your records. A recordkeeping example workshop will be part of the course, time permitting.

Woodworking Machinery & Other Machine Guarding.....1:00 PM -4:00 PM (Course #121)

This course places emphasis on the use of personal protective equipment and safe work practices for various types of woodworking equipment. The basis of the course is Subpart O, specifically 1910.213 of the OSHA standards.

Wednesday, April 23, 2003

Powered Industrial Truck Safety.....8:30 AM-11:30 AM (Course #117)

This course is designed to explain the requirements for the selection and use of gasoline, electric, and LPG powered industrial trucks. Topics of discussion include battery charging, dock boards, safety provisions, traffic rules, safe operating procedures, inspection of powered industrial trucks, and equipment to be found on the industrial truck.

Hazard Communication.....1:00 PM -4:00 PM (Course 208)

This session explains the requirements related to employees' "Right to Know" about the hazards of chemicals, which are used in the workplace. Topics of discussions include chemical hazard determination, written hazard communications programs, container labeling, material safety data sheets (MSDS), and employee training.

Thursday, April 24, 2003

Confined Space Entry.....8:30 AM-11:30 AM (Course #205)

This session explains the required procedures for protecting workers from the hazards of permit-required confined space entry. Topics of discussion include written programs, atmospheric monitoring, entry permits, contractors, training requirements and rescue. The Kentucky confined space regulation applicable to construction operations is also reviewed.

Lockout/Tagout.1:00 PM- 4:00 PM Course #113)

This course familiarizes the participant with Kentucky's version of the adopted lockout/tagout standard. It demonstrates the LOCKOUT and TAGOUT methods relating to the various hazardous energy sources associated with machinery, equipment, and processes used in industry. Topics addressed include training requirements, documentation required, hardware, and group lockout procedures.

Friday, April 25, 2003

Fire Protection and Means of Egress.....8:30 AM-11:30 AM (Course #123)

This course introduces the participant to the recognition of potential fire hazards and emergency procedures. Topics include the chemistry of fire, types and effectiveness of extinguishing agents, means of egress, detection and alarm systems, fire brigades, fire prevention plans. 29 CFR 1910, Subparts E and L, and references NFPA codes provide the basis for the course.

NOTE: Complete one form for each registrant attending class. Photo copies are acceptable. Please submit registration by April 16, 2003. No confirmation of registration will be sent. All courses are COST FREE.
